

Adopt a Patch

to improve the condition and connectivity of habitat for native plants and wildlife

- Are you a landholder, or a member of a community group?
- Do you manage, or are interested in managing, an area (patch) of bushland?

If so, Condamine Alliance would like to invite you to participate in this exciting new program, with funding available to assist with the management of high-value habitat for plants and wildlife across the Condamine Catchment

Brigalow (*Acacia harpophylla*) community

Hawkweed (*Picris evae*)

For further information on the Adopt a Patch program, please visit the Condamine Alliance website at: <http://condaminealliance.com.au/> or contact Adopt a Patch Project Coordinator Dawn Heath on 0459 133 132 or email: dawnheath@bigpond.com
